Our Families Say

“We have been with Internet Academy for many years. This year, six of our kids are enrolled. We enjoy the flexibility that comes with the kids studying at home, and we have the freedom as a family to travel. The kids learn early on to work independently. The teachers and staff at IA are positive and hold the kids accountable. They are patient and take time to explain concepts either via email or when the kids call with questions. They learn to learn, and they are learning responsibility at the same time.” - Darlene, parent

“We highly recommend this school to others & look forward to our youngest son attending soon. Thanks Internet Academy! We love your staff. We love your curriculum. We love the convenience of an online option for school. The teachers and staff have been extremely supportive & our daughter excelled in school & ended up graduating right on schedule. As a result of our good experience, our other children have opted to attend the IA.”
-Reid and Debi, parents

“Internet Academy has helped our daughter grow and mature in an environment that she feels comfortable. IA has been very patient and understanding to her individual needs.”
- Dave and Denise, parents

INTERNET ACADEMY

Federal Way Public Schools policies and procedures provide all students with disabilities an equal opportunity to participate in the Internet Academy. They provide that a student with a disability will not be excluded from the program, except where careful consideration has been given to the services, modifications, or adjustments necessary for such a student to participate, and where it has been determined that such services or modification would fundamentally alter the nature of the program.

The District shall provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without regard to race, creed, color, national origin, gender, marital status, sexual orientation including gender identity, or non-program related physical, sensory or mental disabilities (consistent with RCW 49.60). District programs shall be free from sexual and malicious harassment.

**We believe...
Significant learning
occurs with a
significant relationship.**

About Internet Academy

As Washington's first online school, IA has been serving K-12 students since 1996. With more than a decade as the leader in online learning, IA offers experience, tested curriculum, and caring, quality teachers familiar with Washington's standards.

Whether down the street in Federal Way, or across the state, IA students can excel in our individualized, one-on-one online learning environment.

All it takes is a computer, web access, self-management skills, and the drive to learn!

Individual Needs

We see our students as unique individuals with distinct learning styles. Whether you are a gifted student or a struggling student, IA will offer you a supportive and challenging environment on which to build your future.

Grades K through 6

Our K-6 program utilizes online software from CompassLearning® Odyssey (CLO) to deliver core content in the areas of English, Math, Science, and Social Studies.

Partnership

IA believes that online learning is a partnership between the student, parent, and teacher. Parents are encouraged to be involved in making schedules, becoming familiar with course expectations, accessing online grades, and communicating with their student's teacher.

CompassLearning® has innovative educational software based on current scientific research into the way students' minds work. It empowers students to excel by helping them retain what they learn.

CLO curriculum meets state standards and supports differentiated instruction, formative assessments, and targeted intervention.

Internet Academy and CLO have high standards. Together we will provide an education that is:

- Supportive
- Smart
- Visually Engaging
- Creative
- Interactive
- User Friendly
- Flexible
- Foundational

Easy Enrollment

Online applications open each August and continue through February. A quick trip to www.iacademy.org/apply/ will get you started.

Our Mission Statement

Through online comprehensive courses, Internet Academy challenges K-12 learners to grow in intellect and responsibility, for life long success.
