## **Course Description:**

Students interested in preparing themselves for a career will benefit from this course that focuses on the linkage between individual capabilities and the job market. The purpose of this course is to get you thinking about your career options and guide you in making decisions that will affect your future. You will explore your interests, celebrate your strengths, and discover areas in which you may need to grow. Students will receive instruction about different decision making models, creating resumes, filling out job applications, interviewing, internships, budgeting, understanding our economic system as well as many other topics.

You will research careers that match your skills and interests. Research can only teach so much, actual experience is essential. Therefore, you will be required to both volunteer in your community and job shadow in a career area that interests you. You will explore your dream career in depth. You will investigate the relationship between career choices and lifestyles as you create a budget and play to survive in an economy simulation game.

This course helps meet the state minimum requirements of 1.0 Occupational education (CTE-CIP: 320107) credits or it may be used towards the 5.5 minimum elective credits required. Please check with your school for more specific requirements.

### iA Policies Required for Enrollment

## **Academic Integrity**

Academic integrity is essential to learning. Students are expected to complete their own work. Copying, plagiarizing, cheating, or other methods of intentional deception are prohibited and could result in the student's removal from the class or iA entirely.

#### IA Policy-

1st Offense: The student will be contacted by the teacher via phone call, the student will be made aware of the plagiarism and examples of how this can be avoided will be discussed. Direct instruction on plagiarism will be delivered by the teacher. iA Administration and other teachers will be made aware of the plagiarism. The work must be redone without plagiarism. 2nd Offense: The student and parents will be contacted by the teacher directly and the student will have to complete the plagiarized assignment without plagiarism before moving on in the course. iA Administration will be made aware.

<u>3rd Offense:</u> The student will be withdrawn from the course or iA depending on the severity and/or frequency of the plagiarism.

## WAC (Weekly Academic Contact)

Washington State law requires students to make Weekly Academic Contact (WAC). WAC is any type of contact or communication students have with teachers that is academic in nature. Students have a variety of ways to meet this requirement. They include: replying to iA Connect teacher's contact request (email/quiz); submitting an assignment; emailing teachers about class in iA Campus or Synergy; attending a virtual session or teacher's online office hours; sending the teacher a school related text message (if available); meeting a teacher or administrator on campus, in person. Students must contact iA Connect teachers each week with an attendance check-in. Additionally, class teachers expect weekly assessment submissions.

Withdrawal for lack of Weekly Academic Contact (WAC) for 20 consecutive school days:

After 10-15 days without WAC, iA Connect teacher checks with class teachers to see whether WAC has been made in at least one class. If WAC has been made, 'clock' resets. If no WAC has been made, iA Connect teacher will send student and family a warning email and will call home. If no WAC by 20 days, iA Connect teacher checks to see one last time with class teachers. If there's been nothing, Admin will withdraw the student; the student may not re-enroll until the following school year.

# MAP (Monthly Academic Progress)

State law also requires enrolled students to maintain monthly forward progress toward completing classes with success. Students are expected to complete one monthly module of atstandard work or have completed the teacher-prescribed plan as assigned by the certificated teacher of that course. If the assigned at-standard work is submitted, the student will be considered on pace (OP). If the assigned work is not submitted and/or is not at standard, the student will be considered behind pace (BP).

An overall Monthly Academic Progress (MAP) score will be emailed to every student and family once a month by the iA Connect teacher to communicate overall progress towards mastery and passing of the courses; law requires BP students to reply with confirmation of the MAP report and iA teachers to document that reply. If students don't immediately reply, teachers are

	obligated to keep trying for a reply through additional emails or phone calls. Replies must be from the student; parent replies are not sufficient.
	Students are either On Pace (OP) or Behind Pace (BP). If a student is considered OP (by the individual teachers in individual courses) in 50% or more of their courses, they will be considered OP overall. If a student is considered behind pace (by the individual teachers in individual courses) in more than 50% of their courses they will be considered BP overall. If a student is determined to be BP for consecutive months, the iA Connect teacher will send escalating intervention plans each month by email.
	BP1 means one month behind pace; intervention typically is new work pace plan. BP2 means two months behind pace; intervention is typically a new work pace plan and directed teacher contact. BP3 means three months behind pace; course reduction or withdrawal from iA (see below for greater detail). BP4 means complete withdrawal from iA (see below for greater detail). Students withdrawn from iA at BP4 may not re-enroll until the following school year.
Email/Software Agreements	Students agree to maintain constant and consistent access to the technology and software needed to complete their iA courses. If the student cannot maintain constant and consistent access to needed technology they will be withdrawn from iA.
Professional Discretion	Teachers reserve the right to make adjustments to the course, content, pacing, and expectations at any time. Students and parents will be notified via email of any changes made after the course has started.
